*There are various print techniques we offer including vinyl heat press, sublimation, screen printing & embroidery.*

### Vinyl Heat Press

Process whereby a vinyl logo or design is transfered onto a garment using a heat press.

### Sublimation

Process of transferring dye to fabric using heat, allowing the ink to become part of the fabric. This leaves you with a breathable , soft feel to the garment.

### Screen Printing

This process involves using thick ink to print logos or designs onto garments.

### Embroidery

This process involves using an embroidery machine to stitch a logo or design into the fabric.
